Unrivaled Medical  
Credentialing Expertise

# Why a relationship with AddVal?

## Simple!

### The existing medical credentialing system!

Every state, every hospital, every insurance company has different rules, forms, needs and requirements for credentialing. We have the unparalleled credentialing experience and contacts to work for you and represent you in this bureaucratic nightmare, all in complete privacy.

# AddVal, Inc. Mission Statement

Every physician has the right to practice medicine without worry of financial burdens.

Every person has the right to consult with any physician without worry of geographic limitations.

**We Make  
That Happen!**

We provide four credentialing packages:

**Each package is designed to fit your medical credentialing needs!**

- New Practice/Physician Package
- Existing Practice Package
- Expanding Practice Package
- Tele-Medicine Package

Whatever package  
you pick, We promise  
results!

Unrivaled Medical  
Credentialing Expertise

## In addition we provide...

- A highly trained staff that answers the telephone, providing a haven where physicians, clinical administrators and medical billing companies can explain their issues... as we resolve their issues!

## As well as...

- Primary source verification assistance (check out applicants **BEFORE** you contract or hire).
- Medicare & HIPAA compliance issues promptly resolved.
